

Summary of Public Comments to the TVA Board

For consideration
before the
TVA Board Meeting
Aug. 18, 2021

Overall:

**92 people commented individually and 20 provided individual comments in one submission
189 people mailed in postcards on the same topics, and several people commented on multiple topics, including these:**

Invasive carp:

67 individuals voiced concern about the order in which barriers to invasive carp may be installed at TVA dams. Sixteen others urged TVA to do whatever is necessary to stop the species; six urged TVA to close navigation locks; and one advocated for more fishing to control the species

Energy supply:

10 individuals advocated for clean energy, more renewables and reduced carbon emissions. Twenty individuals who submitted comments in one package addressed those and other topics, including fossil fuel, worker safety and transparency

Quarry project:

7 people provided individual comments objecting to a project on the Duck River; 189 people mailed in postcards on the topic

Other topics:

7 people expressed concern about an insurance payment after the death of a TVA employee
