

Summary of Public Comments to the TVA Board

For consideration
before the
TVA Board Meeting
May 6, 2021

30 people commented individually

53 people provided individual comments in one submission

Of those commenting individually:

- **22 expressed concern about an insurance issue following the death of a long-time TVA employee**
- **Four individuals expressed concern about environmental impacts of work that Volunteer Sand & Gravel is doing on the Duck River without a TVA permit**
- **Three individuals advocated for clean energy, decarbonization and grid modernization**
- **One TVA employee asked that employees be allowed to return to offices at least part-time**

Of those submitting comments together:

- **More than 40 encouraged TVA to resume in-person Listening Sessions or conduct virtual sessions; about dozen others asked for all submitted comments to be made public or encouraged meetings with more public participation**
- **Several commented on multiple topics, including clean or renewable energy, energy efficiency, worker safety, and coal ash management**
