- \$17.5 Million** Incentives paid in FY 2024 to 55 businesses agreeing to shift energy use to off-peak hours, helping reduce peak demand

\*Data based on FY24 information

# Powering the Future of the Tennessee Valley Region

TVA is the nation's largest public power provider, delivering essential services to the people of the Valley region since 1933. We partner with **153 local power companies** to serve **10 million people** and about **800,000 businesses** in the **seven-state Tennessee Valley region**, including parts of Alabama, Georgia, Kentucky, Mississippi, North Carolina, Tennessee and Virginia. We serve the people of the region by providing **affordable, reliable energy**; caring for **natural resources**, and **bringing good jobs to local communities**. Our region's energy needs are growing, and TVA is focused on ensuring our region has a secure, **American-made energy future**.

## Driving economic growth and new jobs

TVA's low industrial rates and reliable, clean energy bring businesses and jobs to the region. In the past five years, we've helped attract new jobs and retain existing jobs.

More than  
**91,000+**  
New Jobs Projected

**235,000**  
Retained Jobs Projected
