

# Built For The People

**Partnering with 153 local power companies that supply electricity to more than 10 million people across seven Southeastern states with 62 directly served customers, including industrial customers and military and federal installations.**

## **TVA Generating Assets**

- 3 Nuclear Sites
- 4 Coal-Fired Sites
- 29 Hydroelectric Sites
- 1 Pumped-Storage Site
- 10 Combustion Turbine Gas Sites
- 8 Combined Cycle Gas Sites
- 1 Diesel Generation Site

**Diverse assets for affordable, reliable and secure American energy**

## **Our mission**

TVA was built for the people with a mission to serve through our work in three areas: energy, the environment and economic development. Today, that means providing energy that 10 million people in the Tennessee Valley region rely on every day. It also means investing in the TVA power system so our growing region continues to have a secure energy supply to support a thriving economy. We are focused on supplying reliable, affordable electricity for a secure energy future; on serving as stewards of the region's natural resources; and on helping to bring good jobs and opportunities to Valley communities. We are here to serve the people.

## **Largest Public Power Provider**

In the United States

## **4th Largest Electricity Generator in the Nation**

Based on 2024 Net Generation among holding companies

## **One of the Nation's Largest Transmission Systems**

**In high voltage lines among United States Utilities**

More than 16,500 miles of transmission lines and 69 interconnections with neighboring electric systems

## **3rd Largest Nuclear Fleet**

In the United States, providing 33% of TVA's energy

## **Caring for over 40,000 Miles of Rivers, Streams and Tributaries**

Including the 652-mile Tennessee River

## **Creating/Retaining more than 311,000 Jobs**

And \$44 billion in projected capital investments over the past five years; expected to create more than 81,000 jobs and retain nearly 230,000 jobs

## **Residential rates lower than those paid by 80% of the customers of the top 100 U.S. utilities**

Based on U.S. Energy Information Administration June 2025 data

# Energy

## Powering the region's economy

Providing affordable, reliable power to the Tennessee Valley region is foundational to our mission of service. As our region's energy needs grow, we are investing in new generating capacity and transmission infrastructure. We are optimizing our existing generating assets, including nuclear, coal, natural gas, hydro. And we are leading the nation in the development of new nuclear technology, all for a secure, American energy future.

**35,430 MW**

TVA meets all-time high peak demand, January 22, 2025

## Expanding Our Energy Capacity

to meeting growing energy needs

## Robust and Diverse Energy Supply

# Environmental Stewardship

## Managing the Tennessee River System

TVA serves as steward of our region's rich natural resources. We manage the Tennessee River system and take care of 293,000 acres of public land, 11,000 miles of shoreline, and 650,000 surface acres of reservoir water on behalf of the people of the Tennessee Valley region. TVA dams on the Tennessee River system provide multiple public benefits: flood control, navigation, power production, recreation, water quality and water supply, and protection of natural resources.

**\$10.2 Billion**

in flood damage averted since 1936

**50 Million Tons**

of products shipped each year with TVA navigation support

# Economic Development

## Building Powerful Partnerships

TVA works to attract new companies and investments to the region, engage existing business and industries, and serve with our partners to help communities prepare for economic growth.

**311,000 Jobs**    **\$44 Billion**

Projected capital investments in the region generated by TVA economic development activity over the past five years. Expected to create more than 81,000 new jobs and retain nearly 230,000 jobs

**52,500+ Jobs**    **\$6.6 Billion**

in FY 2025 alone, expected to create more than 9,300 jobs and retain nearly 43,200 jobs in the Valley with projected capital investments of \$6.6 Billion

**Top Utility in Economic Development 20 Consecutive Years**
