

## Our Impact

We proudly serve the people and communities of **Virginia** by supplying energy for **44,812 people** through their three local power companies in the commonwealth. Reliable, affordable, clean energy from TVA helps Virginians **across more than 3,100 square miles** stay connected, save money and get ahead. Our work is having an impact:

### TVA assets in the state

- 2 non-power dams
- 1 substation/switchyard
- 11 miles of transmission line

TVA manages the Beaver Creek and Clear Creek reservoirs, in addition to the upper half of South Holston Reservoir that extends into Virginia

TVA has contracted for 1.6 MW of renewable biomass and solar capacity in Virginia

## Investing in Virginia communities in FY 2023

- 35**  
TVA employees
- 102**  
TVA retirees
- 510**  
62 new jobs projected  
448 retained jobs projected
- \$27.8 Million**  
Capital investment
- \$139 Million**  
In purchases from Virginia businesses
- \$1.3 Million**  
Paid in lieu of taxes

## Saving Virginians money and energy

- 12 Homes** Made more energy efficient through TVA Home Uplifts and energy efficiency services
- \$11,835** Estimated savings by these households over the life of their energy improvements
- 3 Businesses** Made more energy efficient through TVA Business Uplifts or energy efficiency services
- \$77,473** Estimated savings by these businesses over the life of their energy improvements
- \$2,056** Incentives paid in FY 2023 to six businesses agreeing to shift energy use to off-peak hours, helping reduce peak demand

TVA serves Lee, Scott and Washington counties and a small portion of Wise County in Virginia. The Beaver Creek and Clear Creek projects provide flood protection and recreational opportunities to nearby communities in Virginia and Tennessee.

\*Data based on FY23 information

# Powering the Future of the Tennessee Valley Region

TVA has delivered essential services for the people of the seven-state Tennessee Valley region since 1933. We partner with 153 local power companies to serve 10 million people and about 800,000 businesses across the region. As a publicly owned utility, we bring the public and private sectors together with our 10,900 employees to deliver on TVA's mission of service by providing affordable, reliable, clean energy, caring for our community's natural resources and bringing good jobs to the region.

## Driving economic growth and new jobs

TVA's low industrial rates and reliable, clean energy bring businesses and jobs to the region. In the past five years, we've helped attract new jobs and retain existing jobs.

 **Approximately**  
**100,000**  
New Jobs Projected  
**235,000**  
Retained Jobs Projected

 **\$45.9 Billion**  
In Projected  
Capital investments

## Delivering affordable, reliable, clean energy

TVA operates one of nation's largest generation portfolios – diverse and clean

 **Self-financed with**  
**\$11.9 Billion**  
In revenue in FY 2023

 **Working to add**  
**10,000 MW of solar energy by 2035**

## Reducing emissions, stewarding resources

TVA is a committed environmental steward and national leader in reducing carbon emissions

 **Caring for over**  
**40,000 Miles**  
Of rivers, streams and  
tributaries, including 652-mile  
Tennessee River System

 **Prevented over**  
**\$9.7 Billion**  
In potential flood damage  
since 1933

**Aspiring to**  
**Net-Zero**  
**Carbon**  
**by 2050**

## Supporting our communities and their needs

TVA is a part of every community we serve

 **Helped so far**  
**1,499 Families &**  
**64 Public Schools**  
Improve energy efficiency  
through Uplift programs

 **Contributed nearly**  
**\$13.4 Million**  
To community organizations  
and the community care fund

 **Contributions include**  
**\$2.7+ Million**  
To STEM, robotics, and  
other education programs  
in partnership with BVI Inc.,  
Ripken Foundation and others
