# Powering the Future of the Tennessee Valley Region

TVA is the nation's largest public power provider, delivering essential services to the people of the Valley region since 1933. We partner with **153 local power companies** to serve more than **10 million people** and about **800,000 businesses** in the **seven-state Tennessee Valley region**, including parts of Alabama, Georgia, Kentucky, Mississippi, North Carolina, Tennessee and Virginia. We serve the people of the region by providing **affordable, reliable energy**; caring for **natural resources**; and **bringing good jobs to local communities**. Our region's energy needs are growing, and TVA is focused on ensuring our region has a secure **energy future**.

## Driving economic growth and new jobs

TVA's low industrial rates and reliable, affordable energy bring businesses and jobs to the region. In the past five years, we've helped attract new jobs and retain existing jobs.

**81,000+**  
New Jobs Projected  
**230,000**  
Retained Jobs Projected

**\$44 Billion**  
In Projected  
Capital investments

**Directly serving**  
**61**  
Large Industries and  
Military Installations

## Delivering affordable, reliable energy for the Valley region

TVA operates one of nation's largest generation portfolios and transmission systems

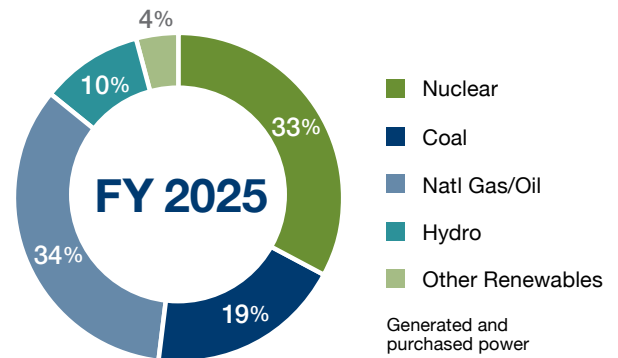

**Lower residential power rates than those paid by**  
**80%**  
of the customers of the top 100 U.S. utilities

**Investing in**  
**New Generation and New Technologies**

### Robust and Diverse Energy Supply

## Managing the Tennessee River system

TVA is a committed environmental steward of the Valley region's natural resources

**Caring for over**  
**40,000 Miles**  
Of rivers, streams and  
tributaries, including 652-mile  
Tennessee River System

**Prevented about**  
**\$10.2 Billion**  
In potential flood damage  
since 1933

**50 Million Tons**  
of products  
shipped each year  
on TVA navigable  
waterways

## Supporting our communities and their needs

TVA is a part of every community we serve

**Returns**  
**5% of power**  
**revenues**  
to states and local  
communities as tax  
equivalent payments

**More than**  
**200,000 residents**  
**and about 4,000**
