TVA Notice

BrightRidge submitted a request for TVA to authorize a proposed investment of electric system revenues in its broadband entity to support the deployment of commercial broadband. BrightRidge is subject to TVA's regulation pursuant to Section 10 of the TVA Act and the wholesale power contract between BrightRidge and TVA. TVA has reviewed BrightRidge's request and hereby gives notice that TVA has authorized BrightRidge to invest electric system revenues in its broadband entity in an amount not to exceed \$105,500,000. TVA estimates that the total investment for both electric and commercial broadband will not have any rate impacts on consumers.

BrightRidge must enter into a use of funds agreement consistent with TVA's regulation. Specifically, the use of funds agreement will require the investment be repaid with interest and will contain risk mitigation and compliance measures designed to protect electric consumers.

If you have questions or need additional information, please contact BrightRidge's Public Relations & Governmental Affairs Director at Post Office Box 1636, Johnson City, Tennessee 37605-1636, or by email at publicrecords@brightridge.com or by phone at 423-952-5000.
