TVA Notice

Greenville Energy Authority (GEA) submitted a request for TVA to authorize a proposed investment of GEA's electric system revenues in its broadband entity, GLPS Fiber, to support the deployment of commercial broadband. GEA is subject to TVA's regulation pursuant to Section 10 of the TVA Act and the wholesale power contract between GEA and TVA. TVA has reviewed GEA's request and hereby gives notice that TVA has authorized GEA's electric system to invest electric system revenues in GLPS Fiber in an amount not to exceed \$5,000,000 for 10 years. TVA estimates that the total investment for both electric and commercial broadband will not have any rate impacts on consumers.

GLPS is required to enter into a use of funds agreement consistent with TVA's regulation. Specifically, the use of funds agreement will require the investment be repaid with interest and will contain risk mitigation and compliance measures designed to protect electric consumers.

If you have questions or need additional information, please contact GEA's Paige Mengel at P.O. Box 1690, Greenville, Tennessee 37744-1690, (423) 823-0552, or broadband@glps.net.
