TVA Notice

Natchez Trace Electric Power Association (NTEPA) submitted a request for TVA to authorize a proposed investment of electric system revenues in its broadband entity, NT Spark, to support the deployment of commercial broadband. NTEPA is subject to TVA's regulation pursuant to Section 10 of the TVA Act and the wholesale power contract between NTEPA and TVA. TVA has reviewed NTEPA's request and hereby gives notice that TVA has authorized NTEPA to invest electric system revenues in NT Spark in an amount not to exceed \$4,600,000 for 15 years. TVA estimates that the total investment for both electric and commercial broadband will not have any rate impacts on consumers.

NTEPA must enter into a use of funds agreement consistent with TVA's regulation. Specifically, the use of funds agreement will require the investment be repaid with interest and will contain risk mitigation and compliance measures designed to protect electric consumers.

If you have questions or need additional information, please contact NTEPA's Shawn Edmondson, General Manager, at P.O. Box 609, Houston, MS 38851, (662) 456-3037, or shawne@ntepa.com.
