TVA Notice

Scottsboro Electric Power Board (SEPB) submitted a request for TVA to authorize a proposed investment of electric system revenues in its Cable, Telephone, and Internet division, to support deployment of fiber to the home. SEPB is subject to TVA's regulation pursuant to Section 10 of the TVA Act and the wholesale power contract between SEPB and TVA. TVA has reviewed SEPB's request and hereby gives notice that TVA has authorized SEPB's electric division to invest electric system revenues in its Cable, Telephone, and Internet division in an amount not to exceed \$1,870,000 for 10 years. TVA estimates that the total investment for both electric and commercial broadband will not have any rate impacts on consumers.

SEPB's Cable, Telephone, and Internet division is required to enter into a use of funds agreement consistent with TVA's regulation. Specifically, the use of funds agreement will require the investment be repaid with interest and will contain risk mitigation and compliance measures designed to protect electric consumers.

If you have questions or need additional information, please contact SEPB's Phillip Chaney at 404 E. Willow Street, Scottsboro, AL 35768, (265)574-2680, or feedback@sepb.net.
