TVA Notice

Tishomingo County Electric Power Association (TCEPA) submitted a request for TVA to authorize a proposed investment of electric system revenues in Tishomingo Connect, LLC, to support the deployment of commercial broadband. TCEPA is subject to TVA's regulation pursuant to Section 10 of the TVA Act and the wholesale power contract between TCEPA and TVA. TVA has reviewed TCEPA's request and hereby gives notice that TVA has authorized TCEPA to invest electric system revenues in Tishomingo Connect, LLC, in an amount not to exceed \$3 million for 20 years. TVA estimates that the total investment for both electric and commercial broadband will not have any rate impacts on consumers.

Tishomingo Connect, LLC, must enter into a use of funds agreement consistent with TVA's regulation. Specifically, the use of funds agreement will require the investment be repaid with interest and will contain risk mitigation and compliance measures designed to protect electric consumers.

If you have questions or need additional information, please contact TCEPA's Cody Durham at Post Office Box 560, Iuka, Mississippi 38852-0560, or cody.durham@tcepa.com.
