Projects & ESS/CCP, TVA

**Jeff Lyash**, President and Chief  
Executive Officer, TVA

### **Ribbon Cutting**

### **Lunch**

## Project History

After dam safety inspections discovered possible seepage at the earthen embankment of Boone Dam, TVA committed to fully remediate the issue. The solution was the construction of a composite seepage barrier--a multi-year, multi-million dollar construction project. Today we celebrate the completion of the project, ensuring the safety and enjoyment of these public lands and waters for years to come.

## Project Achievements

The Boone Dam Public Recreation Area opens today as the seven-year Boone Dam Remediation Project draws to a safe and successful conclusion, on time and under budget.
