Important Questions	Answers	Why This Matters:
What is the overall deductible ?	<i>In-network: \$2,500 Ind / \$5,000 Family*. Out-of-network: \$5,000 Ind / \$10,000 Family* Doesn't apply to preventive care. Copays, premiums, and vision care do not apply to the deductible.</i>	<i>You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. The deductible starts over on January 1st of each plan year. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay. See the chart starting on page 2 for how much you pay for covered services after you meet the deductible.</i>
Are there services covered before you meet your deductible ?	<i>Yes. Preventive care services are covered at 100 % and do not apply toward the deductible.</i>	<i>You don't have to meet the deductible before preventive care services are covered. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-carebenefits/.</i>
Are there other deductibles for specific services?	<i>No</i>	<i>You don't have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers.</i>
What is the out-of-pocket limit for this plan ?	<i>For network providers \$5,500 individual / \$11,000 family*; for out-of-network providers \$11,000 individual / \$22,000 family*</i>	<i>The out-of-pocket limit is the most you could pay in a year for covered services. This limit helps you plan for health care expenses.</i>
What is not included in the out-of-pocket limit ?	<i>Premiums, balance-billing charges, out-of-network vision services/materials, amount of reduced or denied benefit for failure to obtain preauthorization for services, and health care this plan doesn't cover.</i>	<i>Even though you pay these expenses, they don't count toward the out-of-pocket limit.</i>

<p>Will you pay less if you use a network provider?</p>	<p>Yes. See www.bcbst.com or call 1-800-245-7942 for a list of network providers.</p>	<p>This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before</p>
