

TRANSPORTATION-RELATED MANUFACTURING

DRIVING THE VALLEY'S ECONOMIC SUCCESS

The Tennessee Valley is the second-largest automobile manufacturing region in the country, with approximately 90,000 automotive industry jobs. The Valley is centrally located in the southern United States, the world's third-largest economy.

TVA PROVIDES COMPETITIVE RATES, WORLD-CLASS RELIABILITY AND EXPANDING CAPACITY

- TVA is one of the nation's largest suppliers of public power with a 99.999 percent transmission reliability since 2000.
- TVA has approximately 37,000 MW of owned power generation encompassing a diverse generation mix from hydro, nuclear, fossil, and renewable power.

THE REGION IS A GATEWAY TO TRANSPORTATION-RELATED MANUFACTURING

- The TVA region is the gateway to transportation-related manufacturing within the southeastern United States, accessing a variety of both foreign and domestic OEMs and suppliers.
- The TVA region encompasses a seven-state footprint in the southeastern United States, including 10 interstate highways, 12 commercial/international airports, and multiple freight transportation options via air, rail, and port.
- The TVA region has eight deep water ports utilizing eight Class-I rail carriers, including multiple intermodal facilities, all within one-day service of all major seagoing ports within the southeastern United States.
- The TVA region currently has available more than 800 industrial sites and 750 existing buildings for lease or sale.

THE TVA REGION OFFERS A COMPETITIVE BUSINESS ENVIRONMENT

- Businesses benefit from aggressive state and local incentives in the seven-state TVA region.

- The TVA region has more than 40 years of experience providing aggressive incentives to the transportation-related manufacturing sector.
- There is a diverse workforce of well educated workers from 83 technical schools, colleges and universities.
- Transportation-related manufacturing has access to both standardized and customized workforce training, including technical support, from all of the four-year universities within the region.

MAJOR AUTOMOTIVE MANUFACTURERS AND SUPPLIERS
