## Chapter 1

Click on blue chapter names to go to that chapter. Use Find from the Tools menu to search for text.

<b>1.0</b>	<b>PURPOSE OF AND NEED FOR ACTION</b> .....	1-3
1.1	Background for Shoreline Management Initiative (SMI) .....	1-3
1.2	Objectives of SMI .....	1-6
1.3	Geographical Scope .....	1-6
1.4	TVA Shoreline Management — Past and Present .....	1-8
1.4.1	TVA's Regulatory Authority Under Section 26a .....	1-8
1.4.2	Roles and Responsibilities of Other Agencies .....	1-8
1.4.3	Influence of Past Land Acquisition and Disposal Policies .....	1-9
1.4.4	TVA's Lands Planning Process .....	1-10
1.4.5	Current TVA Practices and Shoreland Ownership Patterns .....	1-11
1.5	Other Pertinent Environmental Reviews or Documents .....	1-15
1.5.1	TVA's Reservoir Land Management Plans .....	1-15
1.5.2	Environmental Assessment .....	1-16
1.5.3	Environmental Impact Statements .....	1-16
1.6	Decisions to Be Made .....	1-17
1.7	The Scoping Process and Public Review of the DEIS .....	1-17
1.7.1	Scoping .....	1-17
1.7.2	Public Review of the DEIS .....	1-18
1.8	Resource Issues .....	1-19
1.8.1	Shoreline Vegetation .....	1-19
1.8.2	Wildlife .....	1-19
1.8.3	Endangered and Threatened Species .....	1-19
1.8.4	Soils .....	1-20
1.8.5	Wetlands .....	1-20
1.8.6	Floodplains/Flood Control .....	1-20
1.8.7	Aquatic Habitat .....	1-21
1.8.8	Water Quality .....	1-21
1.8.9	Recreational Use of Shoreline .....	1-21
1.8.10	Aesthetic Resources .....	1-21
1.8.11	Cultural Resources .....	1-22
1.8.12	Socioeconomics .....	1-22
1.8.13	Navigation .....	1-22
1.9	Other Public Issues Related to SMI Raised During Scoping .....	1-22
1.9.1	Education and Communication .....	1-22
1.9.2	Enforcement/Patrol .....	1-23
1.9.3	Land Use Rights .....	1-23
1.9.4	Design Standards .....	1-23
1.10	Remaining Public Issues Raised During Scoping .....	1-23
1.10.1	Fluctuating Water Levels .....	1-24
1.10.2	Litter/Trash Prevention and Control .....	1-24
1.10.3	Industrial Development, Commercial Recreation, and Public Recreation Land Use Decisions .....	1-24
1.10.4	Natural Resource Management Along Nonresidential Shoreline .....	1-24
1.10.5	Aquatic Plant Management .....	1-24
1.10.6	Water-Surface Zoning .....	1-24
1.10.7	No-Wake Zones .....	1-24
1.10.8	Incompatible Recreational Uses .....	1-24
1.10.9	Public Recreational Facilities .....	1-24
1.10.10	Public Land Boundaries Marking .....	1-24

1.10.11	Navigation Hazards .....	1-24
1.10.12	Mosquito Control .....	1-25
1.10.13	Nonresidential Pollution Sources .....	1-25
1.11	Issues Raised During Public Review of the DEIS .....	1-25

## Chapter 2

<b>2.0</b>	<b>ALTERNATIVES, INCLUDING THE PROPOSED ACTION .....</b>	<b>2-3</b>
2.1	Introduction .....	2-3
2.1.1	Linkage to Public Scoping .....	2-3
2.1.2	Linkage to Public Review of the DEIS .....	2-4
2.1.3	Shoreline Inventory .....	2-5
2.1.4	Environmental Compliance Reviews .....	2-5
2.1.5	Flowage Easement and TVA-Owned Residential Access Shoreland .....	2-5
2.1.6	Grandfathering of Existing Residential Facilities and Uses .....	2-5
2.1.7	Shoreline Use Permits (Section 26a/Land Use Permits) .....	2-6
2.2	Alternative A: Limited TVA Role Along Open Shoreline and Additional Areas .....	2-6
2.3	Alternative B1: Existing Guidelines Along Open Shoreline and Additional Areas (No Change/No Action) .....	2-7
2.4	Alternative B2: Existing Guidelines Along Open Shoreline Only .....	2-8
2.5	Alternative C1: Managed Development Along Open Shoreline and Additional Areas .....	2-8
2.5.1	Reservoir Land Management Plans/Shoreline Categorization .....	2-8
2.5.2	Shoreline Development Standards .....	2-10
2.6	Alternative C2: Managed Development Along Open Shoreline Only .....	2-13
2.7	Alternative D: Minimum Disturbance Along Open Shoreline Only .....	2-13
2.7.1	Reservoir Land Management Plans/Shoreline Categorization .....	2-13
2.7.2	Shoreline Development Standards .....	2-13
2.8	Blended Alternative .....	2-15
2.8.1	Reservoir Land Management Plans/Shoreline Categorization .....	2-16
2.8.2	Shoreline Access .....	2-17
2.8.3	Shoreline Development Standards .....	2-18
2.8.4	Exceptions to Shoreline Development Standards .....	2-22
2.8.5	Other Important Strategies .....	2-22
2.8.6	Grandfathering of Existing Residential Shoreline Alterations .....	2-23
2.9	Alternatives Eliminated From Detailed Discussion .....	2-25
2.10	Comparison of Alternatives .....	2-30
2.10.1	Shoreline Vegetation .....	2-30
2.10.2	Wildlife .....	2-31
2.10.3	Endangered and Threatened Species .....	2-31
2.10.4	Soils .....	2-31
2.10.5	Wetlands .....	2-32
2.10.6	Floodplains/Flood Control .....	2-32
2.10.7	Aquatic Habitat .....	2-32
2.10.8	Water Quality .....	2-33
2.10.9	Recreational Use of Shoreline .....	2-33
2.10.10	Aesthetic Resources .....	2-34
2.10.11	Cultural Resources .....	2-34
2.10.12	Socioeconomics .....	2-35
2.10.13	Navigation .....	2-35
2.11	Implementation Strategy .....	2-36
2.12	Preferred Alternative .....	2-36

## Chapter 3

<b>3.0</b>	<b>AFFECTED ENVIRONMENT</b>	<b>3-3</b>
3.1	Introduction	3-3
3.2	Study Area Boundaries	3-3
3.3	Compilation of Shoreline Development Data	3-3
3.4	Existing Shoreline Conditions	3-3
3.4.1	Developed Shoreline by Land Use or Allocation	3-3
3.4.2	Undeveloped Shoreline by Land Use or Allocation	3-5
3.4.3	Developed Shoreline by Ownership Category	3-5
3.4.4	Developed Shoreline by Reservoir	3-6
3.4.5	Reservoir Subdivisions	3-6
3.4.6	Residential Shoreline Alterations	3-6
3.4.7	Average Depth of Reservoir Shoreland	3-8
3.5	Shoreline Vegetation	3-11
3.5.1	Introduction	3-11
3.5.2	Shoreline Vegetation Types	3-11
3.5.3	Forest Area and Tract Size	3-14
3.6	Wildlife	3-15
3.6.1	Introduction	3-15
3.6.2	Forest Wildlife Populations	3-15
3.6.3	Wintering Waterfowl Populations	3-15
3.6.4	Other Wildlife Communities	3-16
3.7	Endangered and Threatened Species	3-18
3.8	Soils	3-18
3.8.1	Introduction	3-18
3.8.2	Climate	3-18
3.8.3	Soils of the Blue Ridge	3-22
3.8.4	Soils of the Valley and Ridge	3-22
3.8.5	Soils of the Cumberland Plateau	3-22
3.8.6	Soils of the Highland Rim	3-22
3.8.7	Soils of the Nashville Basin	3-24
3.8.8	Soils of the Coastal Plain	3-24
3.8.9	Shoreland Soil Erosion	3-24
3.8.10	Shoreline Bank Stability	3-25
3.9	Wetlands	3-26
3.9.1	Introduction	3-26
3.9.2	Wetlands Mapping and Interpretation	3-27
3.9.3	Wetlands Analysis Zones and Acreage Calculations	3-27
3.9.4	Wetlands Functions and Values	3-27
3.9.5	Wetlands Trends	3-28
3.10	Floodplains/Flood Control	3-29
3.11	Aquatic Habitat	3-30
3.11.1	Introduction	3-30
3.11.2	Benthic Macroinvertebrates	3-30
3.11.3	Fish Communities	3-31
3.11.4	SAHI and Existing Conditions	3-32
3.12	Water Quality	3-33
3.12.1	Introduction	3-33
3.12.2	Nutrient Enrichment	3-34
3.12.3	Bacterial Contamination	3-37

3.13	Recreational Use of Shoreline .....	3-37
3.13.1	Introduction .....	3-37
3.13.2	Total Visitation .....	3-37
3.13.3	Recreation Activities Occurring Along the Shoreline .....	3-37
3.13.4	Informal Recreation .....	3-39
3.14	Aesthetic Resources .....	3-41
3.14.1	Introduction .....	3-41
3.14.2	Findings of the Gallup Poll, <i>TVA Land Management and Use Study</i> , January 1993 .....	3-41
3.14.3	SMI Public Scoping .....	3-41
3.14.4	Results of the TVA Questionnaire, <i>Viewing Tennessee Valley Shoreline</i> .....	3-41
3.14.5	Existing Conditions .....	3-42
3.15	Cultural Resources .....	3-42
3.15.1	Introduction .....	3-42
3.15.2	Archaeological Resources .....	3-42
3.15.3	Historic Structures .....	3-43
3.16	Socioeconomics .....	3-44
3.16.1	Introduction .....	3-44
3.16.2	Population .....	3-44
3.16.3	Income and Employment .....	3-49
3.16.4	Property Values .....	3-50
3.16.5	Tourism .....	3-51
3.16.6	Environmental Justice .....	3-52
3.17	Navigation .....	3-52
3.17.1	Introduction .....	3-52
3.17.2	Commercial Navigation .....	3-52
3.17.3	Navigation Aids (Including Safety Harbors and Landings) .....	3-53
3.17.4	Recreational Navigation .....	3-53
3.17.5	Recreational Navigation Aids .....	3-53

## Chapter 4

<b>4.0</b>	<b>ENVIRONMENTAL CONSEQUENCES .....</b>	<b>4-3</b>
4.1	Introduction .....	4-3
4.2	Estimated Maximum Amount of Shoreline That Could Be Developed With Residential Alterations .....	4-3
4.2.1	38 Percent Buildout Scenario .....	4-4
4.2.2	48 Percent Buildout Scenario .....	4-5
4.2.3	63 Percent Buildout Scenario .....	4-5
4.3	Effects on Shoreline Vegetation .....	4-6
4.3.1	Introduction .....	4-6
4.3.2	Effects of the Alternatives .....	4-6
4.3.3	Relative Impacts of the Alternatives .....	4-12
4.4	Effects on Wildlife .....	4-13
4.4.1	Introduction .....	4-13
4.4.2	Effects of the Alternatives .....	4-14
4.4.3	Relative Impacts of the Alternatives .....	4-17
4.5	Effects on Endangered and Threatened Species .....	4-17
4.5.1	Introduction .....	4-17
4.5.2	Effects of the Alternatives .....	4-17
4.5.3	Relative Impacts of the Alternatives .....	4-18

4.6	Effects on Soils .....	4-19
4.6.1	Introduction .....	4-19
4.6.2	Shoreland Soil Erosion .....	4-20
4.6.3	Shoreline Bank Stability .....	4-22
4.6.4	Relative Impacts of the Alternatives .....	4-22
4.7	Effects on Wetlands .....	4-24
4.7.1	Introduction .....	4-24
4.7.2	Effects of the Alternatives .....	4-24
4.7.3	Relative Impacts of the Alternatives .....	4-25
4.8	Effects on Floodplains/Flood Control .....	4-26
4.8.1	Introduction .....	4-26
4.8.2	Effects of the Alternatives .....	4-26
4.8.3	Relative Impacts of the Alternatives .....	4-27
4.9	Effects on Aquatic Habitat .....	4-27
4.9.1	Introduction .....	4-27
4.9.2	Representation of Alternatives Using Existing Land Uses .....	4-28
4.9.3	Effects of the Alternatives .....	4-29
4.9.4	Relative Impacts of the Alternatives .....	4-31
4.10	Effects on Water Quality .....	4-31
4.10.1	Introduction .....	4-31
4.10.2	Nutrient Enrichment .....	4-32
4.10.3	Bacterial Contamination .....	4-33
4.10.4	Relative Impacts of the Alternatives .....	4-36
4.11	Effects on Recreational Use of Shoreline .....	4-37
4.11.1	Introduction .....	4-37
4.11.2	Determination of Informal Recreational Opportunities Lost .....	4-37
4.11.3	Effects of the Alternatives on Informal Recreational Opportunities .....	4-38
4.11.4	Effects of the Alternatives on Other Recreation .....	4-39
4.11.5	Relative Impacts of the Alternatives .....	4-40
4.12	Effects on Aesthetic Resources .....	4-41
4.12.1	Introduction .....	4-41
4.12.2	Effects of the Alternatives .....	4-41
4.12.3	Relative Impacts of the Alternatives .....	4-50
4.13	Effects on Cultural Resources .....	4-51
4.13.1	Introduction .....	4-51
4.13.2	Effects of the Alternatives .....	4-51
4.13.3	Relative Impacts of the Alternatives .....	4-55
4.14	Effects on Socioeconomics .....	4-55
4.14.1	Introduction .....	4-55
4.14.2	Population .....	4-56
4.14.3	Income and Employment .....	4-57
4.14.4	Property Values .....	4-60
4.14.5	Environmental Justice .....	4-61
4.14.6	Relative Impacts of the Alternatives .....	4-62
4.15	Effects on Navigation .....	4-63
4.15.1	Introduction .....	4-63
4.15.2	Commercial Navigation and Recreational Boating .....	4-63
4.15.3	Safety Harbors and Landings .....	4-63
4.15.4	Relative Impacts of the Alternatives .....	4-64
4.16	Adverse Environmental Impacts Which Cannot Be Avoided Should the Proposal Be Implemented .....	4-64
4.17	Relationship Between Short-Term Uses and Maintenance and Enhancement of Long-Term Productivity .....	4-64

4.18 Energy Requirements and Conservation Potential ..... 4-65  
4.19 Irreversible and Irretrievable Commitments of Resources Involved in  
Proposed Action ..... 4-65

## Chapter 5

**5.0 SUPPORTING INFORMATION ..... 5-3**  
5.1 List of Preparers — TVA Staff ..... 5-3  
5.2 TVA Consultants ..... 5-9  
5.3 Distribution List ..... 5-10  
5.3.1 Valley Congressional Delegation ..... 5-10  
5.3.2 Federal Agencies ..... 5-10  
5.3.3 State Agencies ..... 5-11  
5.3.4 Libraries ..... 5-15  
5.3.5 Individuals and Organizations ..... 5-16  
5.4 Glossary ..... 5-61  
5.5 References ..... 5-67

## Appendixes

A Existing Guidelines ..... X-3  
B Responses to Remaining Public Issues Raised During Scoping ..... X-13  
C Proposed Shoreline Categorization System ..... X-23  
D Proposed Residential Development Standards for Alternative C1: Managed  
Development Along Open Shoreline and Additional Areas and Alternative C2:  
Managed Development Along Open Shoreline Only ..... X-27  
E Proposed Residential Development Standards for Alternative D: Minimum Disturbance  
Along Open Shoreline Only ..... X-35  
F Proposed Residential Development Standards for the Blended Alternative: Maintain  
and Gain Public Shoreline ..... X-41  
G Shoreline Aquatic Habitat Index (SAHI) ..... X-51  
H Methodology for Analysis of Aesthetic Resources ..... X-55  
I Miles of Developed and Undeveloped Shoreline by Reservoir and Ownership Category .. X-69  
J Types and Number of Land- and Water-Based Residential Shoreline Alterations ..... X-73  
K TVA Reservoir Shoreline Soil Erosion Investigation ..... X-77  
L Wetland Types and Associated Wetland Wildlife/Waterfowl Species ..... X-87  
M Development of Wintering Waterfowl Habitat Suitability Model ..... X-93  
N Population of Counties Along TVA Reservoirs ..... X-97  
O Per Capita Personal Income and Total Employment in Counties  
Along TVA Reservoirs ..... X-101  
P Methodology for Estimation of Population Impacts ..... X-109

## Index

## List of Tables

1.3-1	Reservoirs Included in the SMI FEIS .....	1-7
1.4-1	Miles of Shoreline by Reservoir and Ownership Category .....	1-13
2.8-1	Summary of Construction and Land Use Standards for Use of TVA Land by Alternative ...	2-26
2.10-1	Summary of Comparison of Alternatives by Resource and Measurement Indicators .....	2-28
3.4-1	Miles of Developed and Undeveloped Shoreline by Land Use and/or Allocation .....	3-5
3.4-2	Miles of Developed and Total Shoreline by Ownership Category .....	3-6
3.4-3	Miles of Developed Residential, Total Developed, Total Available for Residential, and Total Shoreline by Reservoir, Ranked by Percentage of Total Shoreline Developed .....	3-7
3.4-4	Reservoir Subdivision and Lakefront Lot Dimensions .....	3-8
3.4-5	Number of Reservoir Subdivision Lots by Type .....	3-8
3.4-6	Number of Land- and Water-Based Residential Shoreline Alterations by Reservoir .....	3-9
3.4-7	Average Shoreland Depth by Reservoir Group, Depth Classification, and Development Status for Two Ownership Categories .....	3-10
3.5-1	Percent of Shoreline in Different Vegetation Types Along Developed and Undeveloped Shorelines of Six Reservoirs .....	3-13
3.5-2	Percent of Developed Shoreline in Different Vegetation Types Within 25 Feet of Shoreline of Six Reservoirs by Ownership Category .....	3-13
3.7-1	Federally Listed Endangered (LE), Threatened (LT), and Former High Probability Candidate Species (C1) Known or Likely to Occur in the Tennessee River Watershed .....	3-19
3.7-2	Habitat Requirements and Distribution of Federally Listed Species Occurring in the TVA Reservoir Study Area .....	3-21
3.8-1	Reservoir Shoreline Miles by Physiographic Province .....	3-23
3.8-2	Results of Reservoir Soil Erosion Investigation From the Water/Shoreline Interface to 25 Feet Inland (Zone 1) on Six Representative TVA Reservoirs .....	3-25
3.9-1	Acreage of Wetlands Types Found on Six TVA Reservoirs by Zones Based on the Cowardin Classification System (1979) .....	3-28
3.9-2	Wetlands Acreage on Six TVA Reservoirs by Zones Along Developed and Undeveloped Shorelines .....	3-29
3.9-3	Number and Proportion of Wetlands Acres Within One-Fourth-Mile Shoreline Area Surrounding Six TVA Reservoirs in Relation to Shoreline Development Status .....	3-29
3.11-1	State-Designated Mussel Sanctuaries .....	3-31
3.13-1	Number of Undeveloped Shoreline Miles Available for Public Use Compared to Miles With Potential for and Suitable for Informal Recreation by Type of Activity .....	3-40
3.13-2	Estimated Number of Existing Informal Recreational Opportunities by Activity .....	3-41
3.15-1	Current Number of Archaeological Sites on Undeveloped and Developed Land for Five Reservoirs .....	3-43
3.16-1	Population of Counties Along TVA Reservoirs, 1980-1994 .....	3-44
3.16-2	Fastest Growing Counties (More Than 20 Percent) Along TVA Reservoirs, 1980-1994 .....	3-45
3.16-3	Per Capita Personal Income in Counties Along TVA Reservoirs, 1980-1992 (1992 \$) .....	3-49
3.16-4	Counties Along TVA Reservoirs With Fastest Per Capita Personal Income Growth (More Than 30 Percent), 1980-1992 (1992 \$) .....	3-49
3.16-5	Total Employment in Counties Along TVA Reservoirs (Including Self-Employed), 1980-1993 .....	3-50
3.16-6	Counties Along TVA Reservoirs With Fastest Total Employment Growth (More Than 50 Percent), 1980-1993 .....	3-50
3.16-7	Residential Lot Prices by Type and Selected Reservoir, 1995 .....	3-51
4.2-1	Estimated Maximum Amount of Shoreline That Could Be Developed With Residential Alterations, by Alternative .....	4-4
4.3-1	Approximate Miles and Percent of Reservoir Shoreline With Different Vegetation Types Within 25 Feet of Shoreline at the Current Level of Development and Projected Changes at Buildout Under the Various Alternatives .....	4-7

4.11-1	Estimated Informal Recreational Opportunities Lost by Activity Under Each Alternative Compared With Existing Opportunities .....	4-38
4.14-1	Total Annual Income Impacts (Direct and Indirect) by Alternative Resulting From Use of Part-Time Residential Units, Construction of Water-Based Facilities, and Loss of Informal Recreation .....	4-58
4.14-2	Total Annual Employment Impacts (Direct and Indirect) by Alternative Resulting From Use of Part-Time Residential Units, Construction of Water-Based Facilities, and Loss of Informal Recreation .....	4-58
4.14-3	Construction Costs for Boat Docks and Covered Boatslips by Alternative .....	4-59
B-1	TVA Land Management Offices and Phone Numbers .....	X-17
G-1	Shoreline Aquatic Habitat Index Metrics and Scoring Criteria .....	X-53
H-1	Description of Photographs Used in <i>Viewing Tennessee Valley Shoreline</i> .....	X-58
I-1	Miles of Developed Shoreline by Reservoir and Ownership Category With Totals for Undeveloped and All Shoreline .....	X-71
I-2	Miles of Undeveloped Shoreline by Reservoir and Ownership Category With Totals for Developed and All Shoreline .....	X-72
J-1	Number of Land-Based Residential Shoreline Alterations by Reservoir and Type .....	X-75
J-2	Number of Water-Based Residential Shoreline Alterations by Reservoir and Type .....	X-76
K-1	Summary of Shoreline Soil Erosion Investigation of Chatuge Reservoir .....	X-81
K-2	Summary of Shoreline Soil Erosion Investigation of Fort Loudoun Reservoir .....	X-82
K-3	Summary of Shoreline Soil Erosion Investigation of Kentucky Reservoir .....	X-83
K-4	Summary of Shoreline Soil Erosion Investigation of Melton Hill Reservoir .....	X-84
K-5	Summary of Shoreline Soil Erosion Investigation of Tellico Reservoir .....	X-85
K-6	Summary of Shoreline Soil Erosion Investigation of Watts Bar Reservoir .....	X-86
N-1	Population of Counties Along TVA Reservoirs, 1980-1994 .....	X-98
O-1	Per Capita Income in Counties Along TVA Reservoirs, 1980-1992 (1992 \$) .....	X-102
O-2	Total Employment in Counties Along TVA Reservoirs (Including Self-Employed), 1980-1993 .....	X-105
P-1	Projections of Additional Population by Alternative and Scenario .....	X-111

## List of Figures

1.1-1	The Tennessee River and Reservoir System .....	1-4
1.2-2	Residential Shoreline Alteration Permits .....	1-5
1.4-1	Ownership Patterns on 10,995 Miles of TVA Reservoir Shoreline .....	1-12
3.2-1	Study Area Boundaries of a Typical Reservoir .....	3-4
3.5-1	Physiographic Provinces of the Tennessee Valley .....	3-12
3.6-1	Wintering Waterfowl Habitat Suitability in Relation to Shoreline Development .....	3-17
3.8-1	Current Conditions of Shoreline Bank Stability for TVA Reservoirs .....	3-26
3.9-1	GIS Wetlands Analysis Zones of a Representative Reservoir .....	3-28
3.11-1	SAHI Results Extrapolated for All TVA Reservoirs .....	3-33
3.12-1	Average Amounts and Range of Nutrient Phosphorus (Total P) From Current Residential Shoreline Development on Eight Representative TVA Reservoirs Contributed at the Embayment Level or Reservoir-Wide .....	3-36
3.13-1	Visits to 14 Tennessee State Parks on TVA Reservoirs, 1977-1995 .....	3-38
3.13-2	Visitation to USACE Projects in the Nashville District, 1976-1994 .....	3-38
3.13-3	Lodge Guests at Joe Wheeler State Park, 1985-1995 .....	3-38
3.16-1	Population Densities of Tennessee Valley Counties Bordering TVA Reservoirs, 1930 .....	3-46
3.16-2	Population Densities of Tennessee Valley Counties Bordering TVA Reservoirs, 1960 .....	3-47
3.16-3	Population Densities of Tennessee Valley Counties Bordering TVA Reservoirs, 1994 .....	3-48
4.3-1	Anticipated Changes in Vegetation Types Within 25 Feet of the Shoreline Under Alternative B1 .....	4-7

4.3-2 Anticipated Changes in Vegetation Types Within 25 Feet of the Shoreline Under Alternative A ..... 4-8

4.3-3 Anticipated Changes in Vegetation Types Within 25 Feet of the Shoreline Under Alternative B2 ..... 4-9

4.3-4 Anticipated Changes in Vegetation Types Within 25 Feet of the Shoreline Under Alternative C1 ..... 4-9

4.3-5 Anticipated Changes in Vegetation Types Within 25 Feet of the Shoreline Under Alternative C2 ..... 4-10

4.3-6 Anticipated Changes in Vegetation Types Within 25 Feet of the Shoreline Under the Blended Alternative ..... 4-11

4.3-7 Anticipated Changes in Vegetation Types Within 25 Feet of the Shoreline Under Alternative D ..... 4-12

4.3-8 Relative Impacts of the Alternatives on Shoreline Vegetation ..... 4-13

4.4-1 Relative Impacts of the Alternatives on Wildlife ..... 4-17

4.5-1 Relative Impacts of the Alternatives on Endangered and Threatened Species ..... 4-19

4.6-1 Range of Soil Erosion Potential by Alternative ..... 4-22

4.6-2 Cumulative Impacts of SMI Alternatives on Shoreline Bank Stability ..... 4-23

4.6-3 Relative Impacts of the Alternatives on Soils ..... 4-23

4.7-1 Relative Impacts of the Alternatives on Wetlands ..... 4-26

4.8-1 Relative Impacts of the Alternatives on Floodplains ..... 4-27

4.9-1 Comparison of Shoreline Aquatic Habitat Index (SAHI) Ratings for Existing Conditions and Each of the Seven SMI Alternatives ..... 4-30

4.9-2 Relative Impacts of the Alternatives on Aquatic Habitat ..... 4-31

4.10-1 Nutrient (Phosphorus) Additions to Embayments and Local Inflow From SMI Alternatives at Buildout on Representative Mainstream Reservoirs (Chickamauga, Fort Loudoun, Nickajack, and Wilson) ..... 4-34

4.10-2 Nutrient (Phosphorus) Additions to Embayments and Local Inflow From SMI Alternatives at Buildout on Representative Tributary Reservoirs (Blue Ridge, Chatuge, Cherokee, and Tims Ford) ..... 4-34

4.10-3 Nutrient (Phosphorus) Additions to Total Inflow From SMI Alternatives at Buildout on Representative Mainstream Reservoirs (Chickamauga, Fort Loudoun, Nickajack, and Wilson) ..... 4-35

4.10-4 Nutrient (Phosphorus) Additions to Total Inflow From SMI Alternatives at Buildout on Representative Tributary Reservoirs (Blue Ridge, Chatuge, Cherokee, and Tims Ford) .... 4-35

4.10-5 Relative Impacts of the Alternatives on Water Quality ..... 4-37

4.11-1 Estimated Informal Recreational Opportunities Lost Under Each Alternative Compared With Existing Conditions ..... 4-38

4.11-2 Comparison of Recreational Opportunities Lost Over a 25-Year Period by Alternative ..... 4-39

4.11-3 Relative Impacts of the Alternatives on Recreational Use of the Shoreline ..... 4-41

4.12-1 Preferences for Water-Use Facility Designs by Alternative ..... 4-43

4.12-2 Importance of Seven Characteristics Related to Scenic Quality of Water-Use Facilities .... 4-45

4.12-3 Preferred Minimum Distance Between Private Docks (Density) ..... 4-45

4.12-4 Preferences for Amount of Residential Shoreline Development Compared With Other Land Uses ..... 4-46

4.12-5 Preferences for Scenes of Shoreline Vegetation Alterations by Alternative ..... 4-47

4.12-6 Preferred Depth of Shoreline Buffers ..... 4-48

4.12-7 Relative Impacts of the Alternatives on Aesthetic Resources ..... 4-50

4.13-1 Number of Cultural Sites Potentially Disturbed or Mitigated Under Each Alternative Compared With Existing Conditions ..... 4-52

4.13-2 Relative Impacts of the Alternatives on Cultural Resources ..... 4-55

4.14-1 Impacts on Lakefront Development Population by Alternative Compared With Current Conditions ..... 4-56

4.14-2 Relative Impacts of the Alternatives on Socioeconomics ..... 4-62

4.15-1 Relative Impacts of the Alternatives on Navigation ..... 4-64

<b>Issue-Tracking Matrix</b>						
<b>Issues</b>	<b>Summary Page</b>	<b>Chapter 1 Section</b>	<b>Chapter 2 Section</b>	<b>Chapter 3 Section</b>	<b>Chapter 4 Section</b>	<b>Appendixes</b>
Shoreline Vegetation	7, 18, 23, 29	1.8.1	2.10.1	3.5	4.3	
Wildlife	7, 18, 23, 30	1.8.2	2.10.2	3.6	4.4	Appendix L, Appendix M
Endangered and Threatened Species	7, 18, 25, 30	1.8.3	2.10.3	3.7	4.5	
Soils	7, 18, 25, 31	1.8.4	2.10.4	3.8	4.6	Appendix K
Wetlands	7, 18, 25, 31	1.8.5	2.10.5	3.9	4.7	Appendix L, Appendix M
Floodplains/ Flood Control	8, 18, 25, 31	1.8.6	2.10.6	3.10	4.8	
Aquatic Habitat	8, 18, 25, 32	1.8.7	2.10.7	3.11	4.9	Appendix G
Water Quality	8, 19, 26, 32	1.8.8	2.10.8	3.12	4.10	
Recreational Use of Shoreline	9, 19, 26, 33	1.8.9	2.10.9	3.13	4.11	
Aesthetic Resources	9, 19, 26, 33	1.8.10	2.10.10	3.14	4.12	Appendix H
Cultural Resources	9, 19, 26, 34	1.8.11	2.10.11	3.15	4.13	
Socio-economics	9, 19, 27, 34	1.8.12	2.10.12	3.16	4.14	Appendix N, Appendix O, Appendix P
Navigation	10, 19, 27, 35	1.8.13	2.10.13	3.17	4.15
