

## HOW TO SELECT WAGE PACKAGES

### PROJECT AGREEMENTS PACKAGES

The following thresholds do not apply to any contractors performing specialty work (see Articles V and VI). Also, transmission right-of-way clearing work and routine shoreline restoration and stabilization work (see LRS-54) and subordinate contracts for \$100,000 or less (Article I) are not required to become signatory to the Project Agreements. Even if not required, the contractor or subordinate contractor may choose to become signatory to the Project Agreements.

PACKAGE	TYPE OF WORK COVERED	THRESHOLD

\* **Specialty Work** - Regardless of the dollar amount involved, some specialty work is exempt from coverage by the Project Agreements and will be covered by the 1851. For definition of specialty work, refer to Article VI of the Project Agreements. If there are questions about the application of specialty work or dollar thresholds, call Labor Relations at (865) 632-7759.

\*\* **Subcontracts** - Project Agreement subcontractors under \$100,000 are not required to be signatory to the Project Agreements. The 1851 applies to those contracts not covered by the Project Agreements.

\*\*\* **Right-of-Way Clearing** - Regardless of the dollar amount involved, transmission right-of-way clearing and maintenance work is exempt from coverage by the Project Agreements and will be covered by the Right-of-Way Clearing and Maintenance Package (see LRS-54)

\*\*\*\* **Shoreline Restoration/Stabilization** - Shoreline restoration and stabilization work is exempt from coverage by the Project Agreements and will be covered by the 1851 Package (see LRS-54)
