

# Tennessee Valley Authority Privacy Impact Assessment (PIA)

# Demand Side Information Management System (DSIMS)

This PIA is a tool used by the TVA Privacy Office to identify privacy risks at the planning/initiation phase of the system development lifecycle (SDLC) or early stages of project/program development. The PIA should be reviewed and updated on an annual basis, or sooner, if the system undergoes a major change. Questions regarding this document should be directed to privacy@tva.gov.

PIA should be submitted to: TVA Privacy Office <u>privacy@tva.gov</u>

> Version 3.0 September 2018

Senior Privacy Program Manager	Chris Marsalis	Chris Marsalis (E-Signature)	05/02/2024	

#### SYSTEM OVERVIEW

1. Please describe the purpose of the system/collection:

1.	. Please describe the purpose of the system/collection.			
	DSIMs is the demand side information management system. Acts as a system of record for Energy Right and the energy programs for industries and residential programs. Kwh associated with the program. Energy savings and rebates are captured for individual companies. Data flows in from external systems. Approved projects are reported and managed in DSIMs.			
2.	About whom does the system col	lect, maintain, use and/or	disseminate informa	tion? Check all that apply:
	TVA employees	TVA contractor	🔀 Members o	No. 10. CONST.
3.	Is the information collected direc	tly from the individual?		
4.	Check all that apply: (Per the Office	e of Management and Budget (( means information that can be	DMB) Circular A-130, Mana used to distinguish or trad	ained, used, and/or disseminated? aging Information as a Strategic Resource, ce an individual's identity, either alone or
	Home Phone	Financial Informa	2011 Contract of C	Biometric Information
	Home Address	Clearance Inform	ation	Citizenship
	Home Email	Mother's Maiden	Name	Driver's License Number
	Employment Information	Date of Birth		Username/Password
	Work Address	Place of Birth		Passport Number
	🔀 Work Phone	Criminal History		Other:
	🖂 Work Email	Social Security nu	mber (SSN)	
	🔀 Name	Medical or Health	Information	

If none of the above data elements are checked, stop and submit this PTA as-is to TVA Privacy Office at <u>privacy@tva.gov.</u> Otherwise, please continue completing the remaining questions in the document.

#### **Privacy Notice and Transparency**

5. Legal authority to collect, use, maintain, and share data in the system:

Tennessee Valley Authority Act of 1933, 16 U.S.C. 831-831ee.

 Does the system have a SORN? (If PII in the system is retrieved using one or more of the identifiers listed in Question 4, a System of Records Notice (SORN) is required.)

Yes O No

List name(s) of applicable SORN(s): TVA-29-Energy Program Participant Records

7. How are individuals notified as to how their information will be collected, maintained, used, and/ or disseminated within this system?

Individuals are notified by PIA's, Privacy Act Statements, and SORNs.

8. What consent options do individuals have regarding specific uses or sharing of their information?

Individuals are not provided a consent.

### DATA MINIMIZATION

9. Are only the minimum PII elements that are relevant and necessary to accomplish the legally authorized purpose collected, used and retained?

Yes O No

10. What are the retention periods for the information in the system?

Indefinite, will continue to maintain information as long as system is active.

## DATA QUALITY

11. How is data quality (i.e., accuracy, relevance, timeliness, and completeness) ensured throughout the data lifecycle and business processes associated with the use of the information? Check all that apply.

	Information is collected directly from individuals (preferred method of collection, whenever possible)
$ \ge $	If collected via a form, please list form(s) name and number here:

Cross referencing information enties with other systems	Third party information verification
Character limits on text submissions	Numerical restrictions in text boxes
Other:	

12. How is inaccurate or outdated information checked for and corrected?

Third Party Program Admins/ in house TVA Program staff are responsible for updating any inaccurate or outdated information.

#### **Access and Redress**

13. How can an individual access their information and have it corrected, amended, or deleted?

The participant would request corrections through their third party program admin.

## **Internal and External Sharing**

14. Explain how the information in the system is limited to the uses specified in the notices discussed above.

The information is limited to the participant and the third party admins.

15. With which (if any) internal TVA systems is the information shared?

EnergyRight Portal, DSIMS, COGNOS, EFMS

16. With which (if any) organizations external to TVA is information shared?

Det Norske Veritas (DNV)

17. Does the system have any associated websites/applications including an external TVA website or third-party owned or managed website or application (e.g., Facebook, YouTube, Twitter, Flicker, etc.)?

○ Yes ● No

#### SECURITY

18. What privacy orientation or training is provided to authorized users of the system or individuals with access to the system?

Annual Privacy/Cybersecurity training is required.

19. Has a FIPS 199 determination been made?

20. What is the FIPS 199 determination? Check one for each.

21. What types of technical safeguards are in place to protect the information?

22. What types of physical safeguards exist to protect the information?

23. What types of administrative safeguards exist to protect the information?

24. What monitoring, recording, and auditing safeguards are in place to prevent or detect unauthorized access or inappropriate usage?

All monitoring, recording, and auditing safeguards are in place by TVA Cybersecurity.

25. Discuss any other potential privacy risks to the information within the system and safeguards that are in place to mitigate those risks.

None.

Please submit completed form to:
