

JOINT APPLICATION FORM

Department of the Army/TVA

OMB No. 3316-0060
Exp. Date 06/30/2022

The Department of the Army (DA) permit program is authorized by **Section 10 of the Rivers and Harbors Act of 1899** and **Section 404 of the Clean Water Act (P.L. 95-217)**. These laws require permits authorizing structures and work in or affecting navigable waters of the United States and the discharge of dredged or fill material into waters of the United States. **Section 26a of the Tennessee Valley Authority Act**, as amended, prohibits the construction, operation, or maintenance of any structure affecting navigation, flood control, or public lands or reservations across, along, or in the Tennessee River or any of its tributaries until plans for such construction, operation, and maintenance have been submitted to and approved by the Tennessee Valley Authority (TVA).

<p>Name and Mailing Address of Applicant:</p> <p>City of Clifton, Tennessee</p> <p>[Redacted]</p> <p>Email Address: <u>citymanager@cityofclifton.com</u></p> <p>Telephone Number: Home [Redacted] Office [Redacted] Mobile [Redacted]</p>	<p>Name, Mailing Address, and Title of Authorized Agent:</p> <p>Doug Kibbey</p> <p>[Redacted]</p> <p>Email Address: <u>citymanager@cityofclifton.com</u></p> <p>Telephone Number: Home [Redacted] Office [Redacted] Mobile [Redacted]</p>
<p>Facility/Activity Location (include all known information): Reservoir <u>Tennessee River</u></p> <p>Address: <u>Intersection of Highway 128 and Main St. (Old Ferry Landing)</u></p> <p>Subdivision, Lot No., and/or Tax Parcel No.: <u>N/A</u></p> <p>Stream Name and Mile: <u>Tennessee River 157.9</u> Longitude/Latitude: <u>35-23-16.07N / 87-59-40.07W</u></p>	
<p>Application submitted to <input type="checkbox"/> DA <input checked="" type="checkbox"/> TVA</p> <p>Date activity is proposed to commence: <u>January 1, 2022</u> Date activity is proposed to be completed: <u>April 30, 2022</u></p>	

Describe in detail the proposed activity, its purpose and intended use (*private, public, commercial, or other*). Describe structures to be erected including those placed on fills, piles, or floating platforms. Also, describe the type, composition, and quantity of materials to be discharged or placed in the water; the means of conveyance; and the source of discharge or fill material. Please attach additional sheets if needed.

Clifton was selected for the Tennessee Riverline/Rivertown program in October of 2020 and one of the program's initiatives is providing greater public access to the TN River. Our initial project is to extend the old ferry road (paved) and form a loop one block over and up to the intersection of Hwy 128 and Polk St. This will provide greater vehicle access to our boat dock and for the parking spots only; boat launch and recovery is strictly prohibited. This will also shore up an area that has been eroding from recent spring floods that is now only 40' from the major road at the top of the hill, Hwy 128. We also need to move our boat dock to an area that is in front of the proposed parking area and relocated to a swell that is just outside of the direct current of the river. We lost the dock in the 2019 flood and need a more secure location from future flooding and floating debris that constantly collects on the upriver side of the dock and gangway.

Application is hereby made for approval of the activities described herein. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities. I understand that TVA and the U.S. Army Corps of Engineers may contact an Authorized Agent listed above and such Agent may act on my behalf on all aspects of this application. **I agree that, if TVA approves this application, I will comply with the terms and conditions and any special conditions that TVA may impose. Please note the U.S. Army Corps of Engineers may impose additional conditions or restrictions.**

Privacy Act Statement

This information is being requested in accordance with Section 26a of the TVA Act as cited on the front page of this form. Disclosure of the information requested is voluntary; however, failure to provide any required information or documents may result in a delay in processing your application or in your being denied a Section 26a permit. An application that is not complete will be returned for additional information. TVA uses this information to assess the impact of the proposed project on TVA programs and the environment and to determine if the project can be approved. Information in the application is made a matter of public record through issuance of a public notice if warranted. Routine uses of this information include providing to federal, state, or local agencies, and to consultants, contractors, etc., for use in program evaluations, studies, or other matters involving support services to the program; to respond to a congressional inquiry concerning the application or Section 26a program; and for oversight or similar purposes, corrective action, litigation or law enforcement.

Burden Estimate Statement

Public reporting burden for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to Agency Clearance Officer, Tennessee Valley Authority, 1101 Market Street, Chattanooga, Tennessee 37402; and to the Office of Management and Budget, Paperwork Reduction Project (3316-0060), Washington, D.C. 20503.
