

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
3	169.94	Zone 4 (Natural Resource Conservation)	Change approximately 0.35 acres to Zone 2 (Project Operations) to reflect the presence of an existing road ROW.	4
5	103.3	Zone 4 (Natural Resource Conservation)	Change approximately 19.36 acres to Zone 3 (Sensitive Resource Management) due to the presence of sensitive resources. This parcel is made up of islands scattered throughout the reservoir and would be incorporated in the nearest Zone 3 or Zone 4 parcels or would be grouped into individual parcels, consistent with TVA's current lands planning practices.	9, 29, 38, 44, 48, 56, 73, 77, 79, 113, 114, 118, 145, 156, 167
9	339.8	Zone 4 (Natural Resource Conservation)	Change approximately 19.58 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, transmission line and Safety Landing, consistent with current lands planning practices.	12, 13
10	84.2	Zone 6 (Developed Recreation)	Change approximately 1.34 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	14
			Change approximately 0.06 acres to Zone 3 (Sensitive Resource Management) for better management of the parcel due to the road ROW location.	16
11	502.1	Zone 4 (Natural Resource Conservation)	Change approximately 13.33 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW and Safety Landing, consistent with current lands planning practices.	18
			Change approximately 4.19 acres reallocated to Zone 6 (Developed Recreation) to correct administrative error of adjacent recreation easement.	24
13	222.1	Zone 7 (Residential Development)	Change approximately 2.16 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	150
			Change approximately 6.52 acres to Zone 4 (Natural Resource Conservation) to correct an administrative error.	159, 163

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
14	44.7	Zone 4 (Natural Resource Conservation)	Change approximately 9.61 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	150
			Change approximately 0.03 acres to Zone 7 (Shoreline Access) correct an administrative error.	165
15	18.2	Zone 3 (Sensitive Resource Management)	Change approximately 2.08 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	14
16	26.3	Zone 3 (Sensitive Resource Management)	Change approximately 3.73 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
			Change approximately 2.67 acres to Zone 4 (Natural Resource Conservation) due to the lack of sensitive resources and merge with adjacent parcel for better land management.	21
19	44	Zone 6 (Developed Recreation)	Change approximately 0.53 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
21	13	Zone 3 (Sensitive Resource Management)	Change approximately 1.04 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
22	49.4	Zone 4 (Natural Resource Conservation)	Change approximately 6.7 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
23	140.1	Zone 4 (Natural Resource Conservation)	Change approximately 4.25 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
26	122.4	Zone 3 (Sensitive Resource Management)	Change approximately 12.04 acres to Zone 4 (Natural Resource Conservation) due to lack of sensitive resources found on the tract.	31
27	15.3	Zone 7 (Residential Development)	Change approximately 0.08 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
29	31.9	Zone 4 (Natural Resource Conservation)	Change approximately 5.18 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
31	3.9	Zone 3 (Sensitive Resource Management)	Change approximately 2.46 acres to Zone 4 (Natural Resource Conservation) due to lack of sensitive resources found on the tract.	35
			Change approximately 1.46 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
33	25.9	Zone 4 (Natural Resource Conservation)	Change approximately 2.73 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW and natural gas pipeline easement, consistent with current lands planning practices.	18
34	6	Zone 4 (Natural Resource Conservation)	Change approximately 1.73 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
37	5.4	Zone 4 (Natural Resource Conservation)	Change the entire parcel (5.4 acres) to Zone 3 (Sensitive Resource Management) and merge it with an adjacent parcel because of the presence of sensitive resources on the tract; merging with the adjacent parcel will allow for better parcel management.	38
42	26	Zone 3 (Sensitive Resource Management)	Change approximately 4.23 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
			Change approximately 0.59 acres to match backlying sales and where no sensitive resources are located.	39
43	19.1	Zone 6 (Developed Recreation)	Change approximately 2.31 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
44	31	Zone 5 (Industrial/Commercial)	Change approximately 1.01 acres to Zone 2 (Project Operations) to reflect the presence of a Safety Landing, consistent with current lands planning practices.	45
			Change approximately 2.6 acres to Zone 4 (Natural Resource Conservation) in order to be consistent with the backlying Parcel 140a.	49
			Change approximately 10.9 acres to Zone 6 (Developed Recreation) in order to be consistent with the backlying Parcel 141a.	50
45	23.6	Zone 4 (Natural Resource Conservation)	Change approximately 0.33 acres to Zone 7 (Shoreline Access) due to an administrative error.	155
46	43.1	Zone 7 (Residential Development)	Change approximately 0.27 acres to Zone 4 (Natural Resource Conservation) to correct an administrative error.	148
47	29.8	Zone 4 (Natural Resource Conservation)	Change approximately 0.27 acres to Zone 7 (Shoreline Access) to correct an administrative error.	149
48	4.9	Zone 3 (Sensitive Resource Management)	Change approximately 0.09 acres to Zone 7 (Shoreline Access) to correct an administrative error.	149
50	37.1	Zone 7 (Residential Development)	Change approximately 0.18 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	150
51	34	Zone 4 (Natural Resource Conservation)	Change approximately 2.2 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	150
58	31.4	Zone 4 (Natural Resource Conservation)	Change approximately 31.4 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	51
59	16.6	Zone 5 (Industrial/Commercial)	Change approximately 11.31 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	51
			Change approximately 5.81 acres of land to Zone 1 (Non-TVA Shoreland) where property has been sold.	N/A

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
61	19.1	Zone 5 (Industrial/ Commercial)	Change approximately 17.58 acres of land to Zone 2 (Project Operations) where the property is encumbered with easements associated with a road ROW and a water treatment plant and associated facilities, consistent with current lands planning practices.	51
63	900.5	Zone 6 (Developed Recreation)	Change approximately 4.8 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88
			Change approximately 0.02 acres to Zone 4 (Natural Resource Conservation) that was severed by the ROW and is not a part of the recreation easement.	95
66	27.6	Zone 4 (Natural Resource Conservation)	Change approximately 3.74 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	57
68	77	Zone 3 (Sensitive Resource Management)	Change approximately 1.71 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	60
70	8.5	Zone 7 (Residential Development)	Change approximately 0.04 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	57
74	387.5	Zone 4 (Natural Resource Conservation)	Change approximately 7.64 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	57
77	8.5	Zone 4 (Natural Resource Conservation)	Change approximately 3.2 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	57
			Change approximately 0.14 acres to Zone 6 for future recreation purposes.	72
78	108.16	Zone 6 (Developed Recreation)	Change approximately 7.97 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	57

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
79	2344.5	Zone 4 (Natural Resource Conservation)	Change approximately 58.29 to Zone 2 (Project Operations) to reflect the presence of a road ROWs, consistent with current lands planning practices.	57, 74, 78, 83, 86
			Change approximately 5.4 acres to Zone 6 (Developed Recreation) to correct administrative errors for two recreation easements.	75, 76
80	611.5	Zone 4 (Natural Resource Conservation)	Change approximately 11.64 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	83
			Change approximately 0.12 acres to Zone 6 (Developed Recreation) to correct an administrative error.	84
84	2.2	Zone 6 (Developed Recreation)	Change approximately 0.7 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	57
85	70.2	Zone 4 (Natural Resource Conservation)	Change approximately 68.27 acres to Zone 3 (Sensitive Resource Management) due to the presence of sensitive resources found on the tract.	77
			Change approximately 1.91 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	78
86	2	Zone 6 (Developed Recreation)	Change approximately 0.14 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	78
87	78.6	Zone 4 (Natural Resource Conservation)	Change approximately 72.14 acres to Zone 3 (Sensitive Resource Management) due to the presence of sensitive resources found on the tract.	87
			Change approximately 6.51 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	86
88	45.2	Zone 6 (Developed Recreation)	Change approximately 1.19 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
89	21.1	Zone 6 (Developed Recreation)	Change approximately 1.33 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88
90	12.6	Zone 3 (Sensitive Resource Management)	Change approximately 1.41 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88
91	24.1	Zone 6 (Developed Recreation)	Change approximately 0.77 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88
93	65	Zone 6 (Developed Recreation)	Change approximately 2.92 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88
94	37.5	Zone 6 (Developed Recreation)	Change approximately 5.56 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	51
95	68	Zone 6 (Developed Recreation)	Change approximately 1.88 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	51
96	13.4	Zone 6 (Developed Recreation)	Change approximately 1.06 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88
97	79.1	Zone 4 (Natural Resource Conservation)	Change approximately 70.3 acres to Zone 3 (Sensitive Resource Management) due to the presence of sensitive resources found on the tract.	137
			Change approximately 8.21 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	138
98	44	Zone 7 (Residential Development)	Change approximately 0.61 acres to Zone 3 (Sensitive Resource Management) to correct an administrative error.	136
			Change approximately 0.07 acres to Zone 4 (Natural Resource Management) to correct an administrative error.	134
99	3	Zone 3 (Sensitive Resource Management)	Change approximately 0.02 acres to Zone 7 (Shoreline Access) to correct an administrative error.	135

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
102	20.9	Zone 3 (Sensitive Resource Management)	Change approximately 3.96 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	128
104	104.1	Zone 4 (Natural Resource Conservation)	Change approximately 1.84 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88
			Change approximately 0.65 acres to Zone 6 for future recreation purposes.	92
106	55.1	Zone 4 (Natural Resource Conservation)	Change entire parcel (55.1 acres) to Zone 3 (Sensitive Resource Management) due to the presence of sensitive resources found on the tract.	97
110	274.2	Zone 4 (Natural Resource Conservation)	Change approximately 5.08 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88
112	45.6	Zone 6 (Developed Recreation)	Change approximately 0.43 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	128
113	10.1	Zone 6 (Developed Recreation)	Change approximately 0.91 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	128
114	31.9	Zone 6 (Developed Recreation)	Change approximately 0.73 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	128
			Change approximately 0.21 acres to Zone 3 (Sensitive Resource Management) where ROW severed original parcel. This allows for better parcel management.	127
115	19.7	Zone 3 (Sensitive Resource Management)	Change approximately 1.57 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	128

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
116	28.9	Zone 4 (Natural Resource Conservation)	Change approximately 23.7 acres to Zone 3 (Sensitive Resource Management) due to the presence of sensitive resources found on the tract.	127
			Change approximately 5.06 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	128
117	645.1	Zone 3 (Sensitive Resource Management)	Change approximately 606 acres to Zone 4 (Natural Resource Conservation) due to lack of sensitive resources found on the tract; this acreage would be merged with adjacent parcel for better land management.	125
			Change approximately 3 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	128
118	166.4	Zone 4 (Natural Resource Conservation)	Change approximately 2.34 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	119
120	9.3	Zone 7 (Residential Development)	Change approximately 0.19 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88
121	21.3	Zone 4 (Natural Resource Conservation)	Change approximately 0.39 acres to Zone 6 (Developed Recreation) to reflect an existing recreation easement with TRDA.	106
123	275.1	Zone 4 (Natural Resource Conservation)	Change approximately 0.26 acres to Zone 6 (Developed Recreation) to reflect an existing recreation easement with TRDA.	106
			Change approximately 12.39 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88, 109
124	199.2	Zone 3 (Sensitive Resource Management)	Change approximately 3.04 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	88
126	195.2	Zone 4 (Natural Resource Conservation)	Change approximately 4.24 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	119

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
128	184.7	Zone 3 (Sensitive Resource Management)	Change approximately 5.71 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	112
130	12.2	Zone 6 (Developed Recreation)	Change approximately 0.15 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	119
131	81.5	Zone 3 (Sensitive Resource Management)	Change approximately 3.16 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	119
132	256.3	Zone 4 (Natural Resource Conservation)	Change approximately 256.14 acres to Zone 3 (Sensitive Resource Management) and merge with adjacent parcel for better land management.	118
			Change approximately 0.14 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	119
134	149.7	Zone 4 (Natural Resource Conservation)	Change approximately 148.54 acres to Zone 3 (Sensitive Resource Management) due to the presence of sensitive resources found on the tract.	113
			Change approximately 1.2 acres to Zone 2 (Project Operations) in order to make consistent with lands planning practices due to the existing Road ROW.	115
135	34.5	Zone 3 (Sensitive Resource Management)	Change approximately 1.31 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	115
136	1.5	Zone 6 (Developed Recreation)	Change approximately 0.08 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	115
137	164.6	Zone 3 (Sensitive Resource Management)	Change approximately 1.86 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	115, 116

Parcel	Parcel Acreage	Current Allocation	Proposed Allocation Change Description	New Parcel Number
139	2.9	Zone 6 (Developed Recreation)	Change approximately 0.16 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	116
			Change approximately 0.01 acres to Zone 3 where ROW severed original parcel. This allows for better parcel management.	137
140a	139	Zone 4 (Natural Resource Conservation)	Change approximately 0.77 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
141a	117	Zone 6 (Developed Recreation)	Change approximately 1.41 acres to Zone 2 (Project Operations) to reflect the presence of a road ROW, consistent with current lands planning practices.	18
N/A	N/A	N/A	Add approximately 11.12 acres of TVA land that were previously unaccounted for in the previous plan due to an administrative error (located between Parcels 44 and 58). The land would be allocated for Zone 5 - Industrial.	47
