

What They Are Saying

**OUT Memphis -
Stephanie Bell, Director of Metamorphosis Project**

“TVA has made a substantial donation to our donation center, which we use for our youth housing program titled the Metamorphosis Project for our youth ages 18-24 and our Rapid Rehousing program, a substantial donation to assist with our utilities and other needs for those that are transitioning.”

**Alpha Omega Veteran Services -
Vickie Azlin, Director of Development**

“What really struck me during the last Ice storm event was the collaboration between MLGW and TVA. You worked together to get the water pressure to where it needed to be, and you worked with the community to provide water when there was none.”

**Memphis Branch of NAACP -
Vickie Terry, Executive Director**

“The NAACP did not have any heat or air when TVA representative Mark Creech visited the branch in 2017. He felt how cold it was and he committed to step in and assist. TVA stepped in and now we have working heat and working air conditioning.”

**Nation Enrichment Projects -
Pastor Andrew Perpener**

“With the partnership of TVA during this COVID pandemic we have given out approximately 648 coats, which was a project called Coats for the Cold. That was geared toward students in K-5. It was a truly rewarding experience for Nation Enrichment Projects and Tennessee Valley Authority.”

**Memphis Jewish Community Center -
Ashley Jamieson, Director of Marketing and Communications**

“I love TVA’s presence in our community. I love how they help grow the community. I hope they continue to partner with organizations that are in need because it helps to grow this community as a whole.”

**Mid-South Food Bank -
Cathy Pope, President and CEO**

“We’re so thankful for TVA! We have a great relationship with TVA. Of course, I appreciate so much the funding. TVA just this last year has provided almost 1 million meals to our local community.”

**Ewing Moving Service -
Charles Ewing, President and CEO**

“TVA has been a great asset to the minority business community over the years. My first loan that I received was through TVA. In 2001 when the Memphis Grizzlies came to Memphis TVA provided me with a loan to purchase six brand new trucks to go to Vancouver to move the Grizzlies to Memphis. It was TVA that provided those funds for me and I’m appreciative to this very day for the support I’ve gotten along with the business from TVA.”
